● Lead **assigned** to Eddy Grant   22 Jul 2019 - 12:48

Anthony Brown

@e.grant What is the progress on this lead, how can we engage the client to sign the contract? we need some traction here

22 Jul 2019 - 12:34

You   Called the client and got us the deal. He got a good offer for it, and promised to sign soon

_Who we helped

Ambitious companies, communities, organizations & enterprises

We enabled a **wholesaler**, to locate and signup new resellers and optimize its fleet drivers to **distribute** faster, smarter, and more efficiently.

We helped a fire products and systems company, optimize its **maintenance** schedules, **follow up on their teams'** performance and streamline their workshop processes.
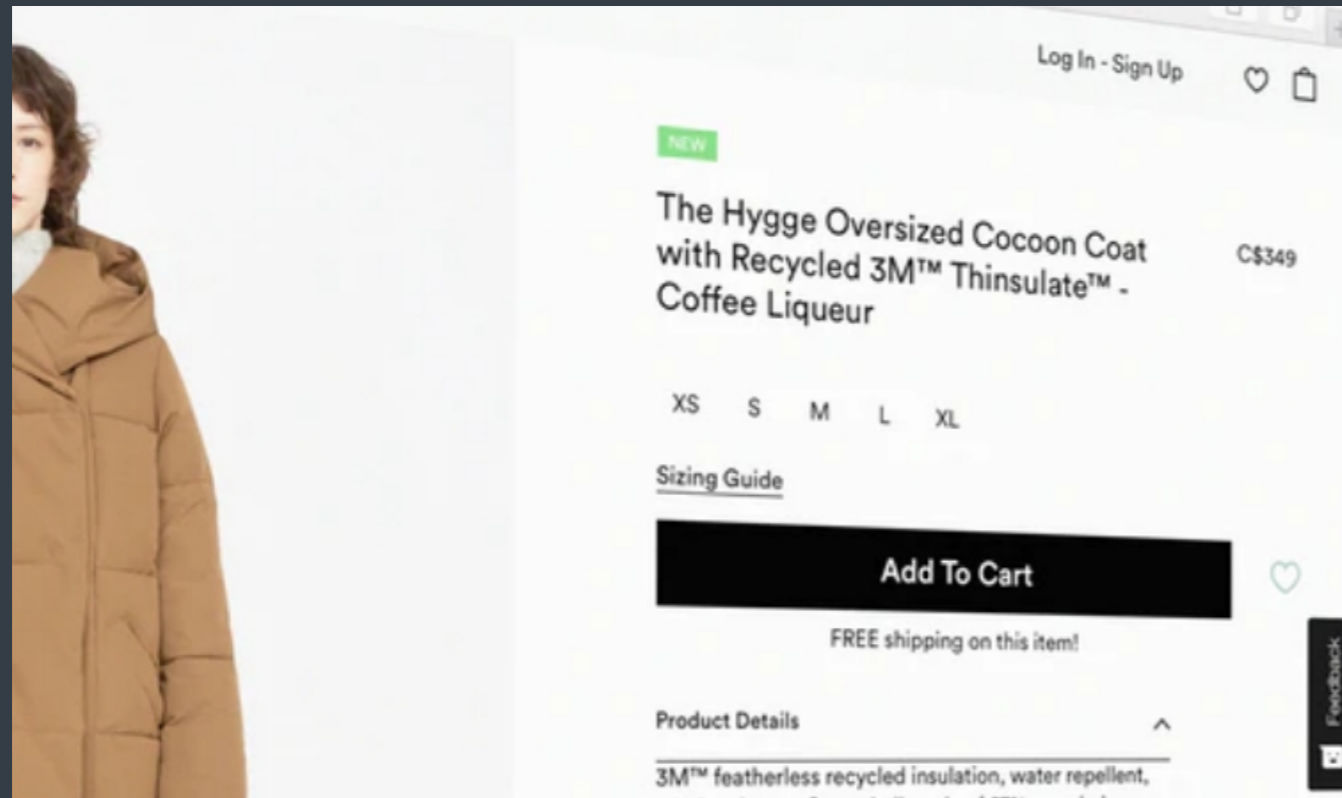

_Who we helped

We worked closely with a **marine ships servicing company** to digitize its whole **maintenance and parts requests**. We helped provide a full **project management**, **team performance** and billing system through a unified system.

We helped **political parties**, manage their **followers community** and gather, sort out and **analyze** huge amount of population **data** to enhance their popularity.

We developed tools to communicate with audiences, organize events, assign tasks, monitor performance, and compile **AI powered data** before and on election days.

_Who we helped

More than a 100 **restaurants and retail businesses**, manage their **online traffic**, **CRM data** and orders through a frontdeck powered dashboard. Enabling a streamlined process from customers acquisition, to connected **stock control** and **products delivery**.

Let's
optimize
digitize
connect
your business
or organization
